

# Sanofi Genzyme Youth Science & Engineering Workshop Scholarship 2017 Program Guidelines

As a member of the Allston-Brighton community, Sanofi Genzyme has established community outreach programs to benefit the residents of Allston-Brighton. The Sanofi Genzyme Youth Science & Engineering Workshop Scholarship program enables youth (grades 6-9) to attend two weeks at Boston University's [U-Design](#) Science and Engineering Workshop. Through this program Sanofi Genzyme hopes to raise awareness of the biotech industry among youth in our community.

Two different workshops are offered within each session. This year U-Design will offer Electrical and Mechanical Gizmos (grades 6-8) and Robo-Alley (grades 7-9) during Session 1. Robo-Alley (grades 7-9) and Flight School 101 (grades 7-9) will take place during Session 2.

## Eligibility Information for Applicants:

- Applicants must be either an Allston/Brighton resident or enrolled at a school in Allston or Brighton.
- Applicants must be a student in grade 6 through 9 at any public, private or parochial school at the time the application is submitted.
- Applicants must be available to attend Boston University's U-Design Science & Engineering Workshop July 10-14 and July 17-21, 8:30 a.m. – 4:00 p.m. each day.

## Application and Selection Process:

All eligible students must complete the attached application form and submit it with the additional required documents. Complete applications include the completed application form, essay, and one letter of recommendation.

Completed application packages should be postmarked **no later than May 19, 2017 and mailed to Sanofi Genzyme, Attn: Community Relations, 500 Kendall Street, Cambridge, MA 02142**. Applications received after this date will not be considered.

A Selection Committee comprised of Sanofi Genzyme employees and representatives of the Allston-Brighton community will select the recipients of the scholarship awards. Recipients will be selected based upon their essay, recommendation, and demonstrated interest in science.

Students will be notified of the results by June 16, 2017, and a tour and luncheon for scholarship recipients at Sanofi Genzyme's Allston Landing Facility biomanufacturing plant will be held in July.

For questions, contact [community.relations@genzyme.com](mailto:community.relations@genzyme.com).

# Sanofi Genzyme Youth Science & Engineering Workshop Scholarship 2017 Application
